

**MOTOROLA**Authorized Business
Two-Way Radio Reseller**Pro-330 Specifications****Technical**

Positioning accuracy	72 Channel
Number channel	1 metter
Sensitivity	-166 dB
Navigation receiver	GALILEO / GLONASS / GPS
Data link	GSM/GPRS 2G,3G,4G 2600/2100/1900/1800/900/850 MHz
Min send log data	1 per second (Real Time)
Antennas	External GALILEO / GLONASS / GPS antenna External GSM antenna
Internal memory	256 MB for 2 million records
accelerometer sensor	3D active

Electrical

Power supply voltage	10 to 30 V
Maximum voltage	35V
Internal battery	Ni-MH, 850 mAh

Connectors

Connectors	MicroFit 20 power connector USB232 configuration port Jack 3.5 stereo for Microphone/Loudspeaker 2 x SMA connector antenna
I/O ports	10 x Digital input 4 x Digital output 2 x Analog input for fuel sensor and temperature sensor 2 x connector to i-button solution and RFID

Physical

Dimensions (mm)	102x75x35
Weight	365 g
Operating temperature range	-30°C to +75°C
Humidity	%5 to %95

Motorola is a multinational telecommunications company based in Schaumburg, Illinois, United States
